Foundation Members

On 15 September 1950, 48 people attended a meeting, chaired by the President of the RSL Sub-Branch Alex Black, to discuss the possibility of forming a club. Everyone agreed, and it was decided that those present would become the Foundation Members.
In the early years, one Foundation Member, HG (Mick) Winders, became the driving force behind the rapid growth and success of Twin Towns. Mick became Twin Towns' first Board Chairman, a position he held for 43 years.
In March 1958, Mick told members: "The future of this club is entirely in your hands. If you wish it to prosper and so provide you with amenities you are unable to find elsewhere in the two towns, then you must give it your full support."
How clear it is that the guidance of the late Mick Winders in those formative years created a model for Twin Towns that to this day is at the heart of its foundations.

Life Membership of Twin Towns

From time to time, Twin Towns Board of Management acknowledges the contribution, commitment and dedication of outstanding Club members.
Life Membership is a prestigious honour, reserved for those members who consistently go 'above and beyond' for their fellow Club members and their local community.
